The response to my first issue was really great ! I've signed up a number of subbers and a few new trades. I also was quite pleased with all of the corrections/missing information/missing games/etc that were sent to me. I am really getting my files in order and the Miller numbers are running very smoothly thanks to many of you. I'm very grateful to all of you that sent me needed information . Please forgive me if I fail to mention your name !

What's in this issue ? There are only a few new gamestarts since the last issue but I have a fair number of completed games and quite a few corrections to last issue. Besides, I intend to try and publish this every 3 months if at all possible so I'm not always going to wait until I have a lot of starts and finishes. I know there are a good number of variant games out there without numbers so I want to keep you all informed that I am functioning and what the latest is with the Miller Numbers.

My appeal for back issues of 'Lord of Hosts' last issue has met with excellent response. Robert Sacks was very kind and gave me issues # 1 thru # 12 for my files. Fred Davis was able to supply 2 issues that were unnumbered. I think these are # 15 & # 16 . This means I only need # 13 and # 14 to complete my files. Does anybody have any of these ? Also, there seems to be some question about the numbers that were used after # 12. The last issue published was by John Leeder and he called it # 17, but several sources tell me that they think there were actually MORE than 17 issues. Can anyone shed any light on this ?

Back issues available from me are; Lord of Hosts # 17 for 40¢ each and Alpha & Omega # 1 for 32¢. The only way I could supply any of the others would be in photocopy form at 10¢ a page plus postage. If any of you REALLY wanted them bad enough I'd arrange to copy them for you

\*\*\*\*\*  
Is anyone interested in being my assistant custodian ? There wouldn't be an awful lot for you to do but I may have projects from time to time (such as compiling statistics, etc) that I'd like to assign to an assistant. Also, my assistant would be my successor in the event I was unable to perform my duties.

\*\*\*\*\*  
I'm still interested in someone writing a column about the variant hobby in general and/or about new variant games, etc. If you are interested in doing something like this let me know.

Sub rate to Alpha and Omega is 3¢ a page plus postage.

This next game requires a little explanation. The GM that finished it sent the end game report to the BNC thinking it was a regular game. Since games never went up to NF in boardman numbers some checking was in ordr. Here it apperas that the game started as a variant and was later changed to a regular game. The final GM was unaware that it had ever been a variant. But, it was !

 Thats all folks...I hate to leave this space empty but I'm not going to sit here and wrack my brain trying to figure out what to fill the space with. It would probably be meaningless junk anyway !

SEE YOU AGAIN IN ABOUT 3 MONTHS !

THANKS AGAIN FOR ALL OF THE WONDERFULL SUPPORT YOU HAVE GIVEN ME !!
